

**The Family Medicine Foundation of West Virginia**  
**29<sup>th</sup> ANNUAL JOSÉ I. RICARD, MD**  
**FAMILY MEDICINE & SPORTS MEDICINE CONFERENCE**  
**Pullman Plaza Hotel - Huntington, West Virginia**  
**November 12 - 15, 2015**

**CONFERENCE ACCREDITATION**

- This live activity, the 29<sup>th</sup> Annual José I. Ricard, MD Family Medicine & Sports Medicine Conference, with a beginning date of 11/12/2015, has been reviewed and is acceptable for up to 26.50 Prescribed credit(s) by the **American Academy of Family Physicians**. Physicians should claim only the credit commensurate with the extent of their participation in the activity. AAFP Prescribed credit is accepted by the **American Medical Association** as equivalent to AMA PRA Category 1 for the AMA Physicians Recognition Award. When applying for AMA PRA Prescribed hours, earned hours must be reported as Prescribed hours, not Category 1.
- Approved for 26.3 hours of continuing education (which includes 13.6 hours of pharmacology) by the **American Nurses Credentialing Center (ANCC)** and **West Virginia Nurses Association**.
- Approved for 26.50 credits of AOA Category 2-A continuing education by the **American Osteopathic Association**.
- Accepted for **Physician Assistant CE** credit.
- Approved by the **West Virginia Board of Examiners for Registered Professional Nurses**. Provider # WV1996-0101RN.
- The Sunday program is approved for 7.25 hours of continuing education by the **West Virginia Board of Chiropractic**.
- Approved for 26.50 contact hours by the **West Virginia Board of Physical Therapy**. Approval # FMF-F15-01. Approval of this course does not necessarily imply that the West Virginia Board of Physical Therapy supports the views of the presenter or sponsor.
- Approved for 26.5 Category-1 contact hours by the **Kentucky Physical Therapy Association**. Approval # 40-15-KPTA.
- Approved for 21.00 hours by the **Kentucky Board of Licensure for Occupational Therapy**.
- Approved for 26.75 hours of continuing education by the **Ohio Physical Therapy Association**. Approval # 15S1595.
- Approved for 24.25 hours by the **Occupational Therapy (#150412)** and **Athletic Trainers (#150445) Sections** of the **Ohio Occupational Therapy, Physical Therapy, Athletic Trainers Board**.
- Approved for 26.50 hours by the **Board of Certification for Certified Athletic Trainers**. Approved Provider # P657. Approval for 10 Evidence Based Practice (EBP) hours is currently pending.
- Approved for 14.00 General Hours of CPE credit by the **West Virginia Board of Pharmacy**.
- Approved for 5.5 hours by the **State of West Virginia Board of Examiners of Psychologists**.

**SPONSORS:** Family Medicine Foundation of West Virginia, Marshall University's Joan C. Edwards School of Medicine, Marshall Health - Family Medicine, Division of Sports Medicine

**COURSE DESCRIPTION:** The educational topics included in this Conference will provide health care professionals with an update on the following medical conditions:

- Drug Diversion and Best Practice Prescribing of Controlled Substances
- Pervasive Developmental Disorders
- Infertility and Reproductive Medicine
- Surgical Management of Breast Cancer
- Breast Reconstruction
- Dementia
- Multidisciplinary Approach to Type 2 Diabetes
- Oral Health for the Primary Care Provider
- Influenza Antiviral Recommendations
- Diabetes and the Athlete
- Guidelines for Lung Cancer Screening
- Avoiding Medical Malpractice Litigation
- Overactive Bladder Management the Geriatric Patient
- Treatment Options for Arthritic Hip
- Conquering Obesity
- Venous Disease
- Hepatitis C
- Harm Reduction Program
- Surviving the Unexpected Night Out
- Whitewater Medicine & Safety
- Preparing for Foreign Travel and Staying Healthy in Developing Countries
- Manual Therapy for Spinal Conditions
- Reaching At Risk Youth Through Athletics
- Plant Based Diet and Nutritional Considerations for the Athlete
- Exercise During Pregnancy

**CONFERENCE OBJECTIVES:** To provide regional health care professionals with an update on the diagnosis and treatment of commonly encountered medical problems. Conference attendees will review current clinical concepts in core areas of Family Medicine & Sports Medicine, acquire practical, clinical information helpful in the diagnosis, treatment, and management of medical problems, and enhance and advance knowledge, skills, and professional performance, furthering excellence in health care.

## •PRE-CONFERENCE WORKSHOP•

Thursday, November 12, 2015

### *“Drug Diversion and Best Practice Prescribing of Controlled Substances”*

Please join the Family Medicine Foundation of West Virginia for a 3-hour “*Drug Diversion Training and Best Practice Prescribing of Controlled Substances*” lecture, to be held on **Thursday, November 12, 2015, from 6:00 pm – 9:15 pm at the Pullman Plaza Hotel in Huntington, WV.**

Our lecturer will be **Jeannie Sperry, PhD, LP, ABPP**, Pain Psychologist and Clinical Director at the Mayo Clinic in Rochester, MN, and previous Director of Behavior Science Education and Director, Primary Care Psychology Fellowship at the West Virginia University Department of Family Medicine in Morgantown, WV.

This lecture will satisfy the CME/CE requirements set forth by the West Virginia Legislature and appropriate licensing boards for MDs, DOs, PAs, APRNs, pharmacists, RNs, and LPNs, including recently mandated Naloxone training. This program is required for each West Virginia licensee who “prescribes, administers, or dispenses a controlled substance.” **The cost of the lecture is \$90.00. Please RSVP, as seating is limited; light dinner is included.**

#### Learning Objectives:

- Drug diversion, including West Virginia statistics on prescription drug abuse, misuse, and resulting deaths;
- Epidemiology of chronic pain and misuse of opioids;
- Indications for opioids in chronic pain treatment, including general characteristics, toxicities, and drug interactions;
- Initiation and ongoing management of chronic pain patients, including treatment objectives/functional goals, monitoring and periodic review, referrals, consultations, informed consent, prescribing agreements, urine screens and pill counts, patient education on safe use and storage/disposal of opioids, discontinuation/termination due to lack of benefits or increased risks, and documentation and medical records;
- Examination of patient evaluation and risk assessment and related tools, with proper usage/administration of Naloxone;
- Identification of diversion and drug seeking tactics and behaviors;
- Best practice methods for working with drug seeking patients and diversion, including new online resources;
- Compliance with controlled substances laws and rules;
- Registration with and use of the West Virginia Controlled Substances Monitoring Program established in WV Code Chapter 60A, Article 9;
- Case study of a patient with chronic pain; and
- Compliance with state and federal laws.

**The Family Medicine Foundation of West Virginia is proud to partner with the Claude Worthington Benedum Foundation to develop an effective and replicable model to manage chronic pain medication use and abuse in West Virginia, a state currently facing a prescription drug abuse epidemic.**

**As part of this project, the Family Medicine Foundation of West Virginia has agreed to collect, analyze, and report on all narrative information, clinical data, and feedback collected from health care provider attendees. Please provide as much or as little information as you feel comfortable with, including your name, profession, address, phone number, email, and more. Of course, please omit protected patient health information in compliance with HIPAA and other applicable rules and regulations. All information submitted will be kept strictly confidential. Thank you for your feedback and interest in this project!**

---

**To get involved or submit information online, please visit**

**[WWW.PAINMODEL.COM](http://WWW.PAINMODEL.COM)**

**At this site, you will be able to read more about the project and submit information. The site will be updated from time to time as the model evolves, so please check back periodically.**

Special thanks to:

at Huntington Internal Medicine Group**

**Valley Health Systems**

**West Virginia Vein & Skin Centers, PLLC**

**WVU Department of Family Medicine**

**WVU Center for Reproductive Medicine**

## SPORTS CELEBRITY SPEAKER

**Noel Devine** now dedicates himself to working closely with at-risk youth at strength and speed events and camps in his home state of Florida. Devine identifies so well with the youths he now mentors because he is no stranger to adversity himself. Devine was only three months old when his father died from complications from AIDS, and he was 11 years old when his mother died of AIDS. Devine grew up in a poor, often violent neighborhood, which is why he quickly learned to appreciate the love and support he received from the people of West Virginia.

Noel Devine has played professional football for the National Football League's Philadelphia Eagles, the Canadian Football League's Edmonton Eskimos, and the United Football League's Omaha Nighthawks. Devine achieved historic success during his career as a running back at West Virginia University from 2007-2010. Devine played in 51 games for the Mountaineers, totaling 728 rushing attempts for 4,315 yard and 29 touchdowns, for a career average of 5.9 yards per carry, and a long run of 92 yards. He became the 4<sup>th</sup> player in Big East history to rush for 4,000 career yards, joining fellow Mountaineers Avon Cobourne and Pat White, and Rutgers' Ray Rice. Devine's ankle injury during his senior year against the top ranked LSU defense affected his performance and his future pro career. He is now rehabbing a knee injury, and he has hopes to continue his pro football career.

Noel Devine is a former 5-star, blue-chip recruit, and he holds many Florida high school rushing records set during his career at North Fort Myers High School. Devine once rushed for 365 yards and 6 touchdowns on only 9 carries, and returned a kickoff 84 yards for a touchdown - a clear display of his dominance. His high school highlight tapes are legendary, with some approaching a million views worldwide. Despite weighing only 179 pounds, Devine has bench pressed as much as 405 pounds. His pre-NFL draft measurements include a 4.5 second 40-yard dash, a 35.5 inch vertical leap, a 10' 1" broad jump, and 24 reps of 225 lbs.

## **SPEAKER DISCLOSURES**

(in alphabetical order)

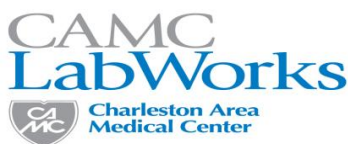

Unless listed below, speakers have disclosed that they have no financial interest, arrangement, or affiliation with any commercial organization, and will not be discussing any products which they had a role in developing. These speakers have also disclosed that they will not discuss any off-label use or unapproved or investigational use of any product.

**Kyle Allred** disclosed an ownership interest in Adventure Whitewater, a raft guide outfitting service, and a speaking faculty relationship with Mountain Medical Seminars Wilderness & Travel Medicine.

**Dr. Frank L. Schwartz** disclosed an affiliation with Medtronic Minimed Corporation, who sponsors his clinical research studies, as well as a consulting relationship with sanofi-aventis.

## CORPORATE CONTRIBUTORS

The Family Medicine Foundation of West Virginia would like to acknowledge the following organizations for their generous contributions as corporate contributors:

## **QUILT DRAWING**

You do not need to be present to win.

**Please support the Family Medicine Foundation of West Virginia by purchasing a chance to win a beautiful, hand-made, Appalachian quilt!**

**Entry forms may be found online at [www.fmfwv.org](http://www.fmfwv.org). You may also enter to win at the registration desk.**

**The drawing will be held on  
Sunday, November 15, 2015, at 4:35 pm  
Located in the mezzanine – 2<sup>nd</sup> Floor.**

## **DOOR PRIZES**

Door prize drawings are for CME/CE registrants only.  
You must be present to win.

**MORE THAN EVER BEFORE!**
